Without health, all the talent, all the genius, and all the ambition in the world are worthless. A boy should be taught that success in any walk of life, that happiness, and life itself, are dependent upon his care of his health.  
When a man feels that he is losing his health and vigor, when his cheeks no longer glow, his step is no longer elastic and the sparkle of health is no longer in his eyes, he should work less, rest more and resort to the right remedy to restore his bodily vigor. Dr. Pierce's Golden Medical Discovery is a natural medicine—a scientific medicine. It does no violence to nature. It works with and not against nature. It promotes the natural processes of secretion and excretion. It imparts vitality and power to the whole system. It gives plumpness and color to the cheeks, sparkle to the eyes, steadiness to the nerves, strength to the muscles and the animation of health to the whole body. It makes the appetite keen and hearty. It is the great blood-maker, flesh-builder and nerve-tonic and restorative. Medicine dealers sell it and have absolutely nothing else "just as good."  
"I was afflicted with pimples and boils, and running sores on face and neck," writes Robert S. West, Esq., of No. 615 Galloway Ave., Columbus, Ohio. "I took Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets,' and was cured."

Constipation is the commonest beginning and first cause of many serious diseases and it should always be treated with Dr. Pierce's Pleasant Pellets used in connection with the "Discovery." These are the most perfect natural laxatives and permanent cure.

### Between the Feasts

While relaxing from turkey and plum pudding Christmas dinners, read from the new books of Kipling, Weir, Mitchell, and Harding Davis; or listen to the "Belle of Honolulu" or other breezy pieces of music. The New Year should be introduced to friends and lovers by a dainty and suggestive calendar or booklet. For these call at the up-to-date firm of Cagwin & Noteware.

### New Milling Machinery.

Peter Heltman, the enterprising proprietor of the Douglas County Roller Mills, has just purchased from Nondyke & Marmon, of Indianapolis, two sets of the latest improved bolting machinery known as the swing sifters. They will do the same amount of work but make a better quality of flour, than the eight bolters they are to replace. The cost is about \$2,000. The old apparatus, now considered obsolete, will be removed from the mill at once. Two grades of flour will now be turned out, the first quality will compare with any flour made in the world. The people will now have the satisfaction of knowing that they not only patronize home industry but really get the best article.

There will also be included in the new machinery, a Double Roller mill, one Differential Reel, one Bran Duster and a Wheat heater and steamer, making it the finest flour mill in the State.—Gardnerville Record.
